K Grant or K Grant Like Awardees in the Division of Gastroenterology at Penn

**Meenakshi Bewtra, MD, MPH**  
K08-DK084347  
Risk and risk preferences for surgery and medical therapy in ulcerative colitis

**Rotonya Carr, MD**  
K08-AA021424  
The pathogenesis of insulin resistance in alcoholic liver disease  
*Rotonya also received the Harold Amos Medical Faculty Development Award*

**Kimberly Forde, MD, MHS**  
K23-DK090209  
Gender and hormonal influences on liver fibrosis after transplant for Hepatitis C

**David Goldberg, MD, MSCE**  
K08-DK098272  
A population-based cohort to study outcomes in end-stage liver disease patients

**Blair Madison, PhD**  
K01-DK093885  
Role of LIN2B in the regulation of the intestinal epithelial stem cell

**Andrew Rhim, MD (Dr. Rhim just accepted a faculty position at the University of Michigan 7/1/13)**  
K08-DK088945  
Dissecting stromal-epithelial interactions in the adult exocrine pancreas  
(Dr. Rhim just accepted a faculty position at the University of Michigan 7/1/13)

**Frank Scott, MD, MSCE**  
K08-DK095951  
Microvascular disease, statins, ACE-inhibitors and post-operative SBO

**Gregory Sonnenberg, PhD**  
DP5-OD12116  
Regulation of host-commensal relationships in human health and disease

**Marie-Pier Tetreault, PhD**  
K99-DK094977  
The role of microenvironment in esophageal epithelial homeostasis

**Vesselin Tomov, MD, PhD**  
K08-DK097301  
Regulation of T cell differentiation during enteric viral infection

**Christina Twyman-St. Victor, MD**  
KL2-RR024132  
Translational Studies in the Treatment of Metastatic Melanoma
