Sharon Mullen is the Entity Information Officer (EIO) at The Hospital of the University of Pennsylvania (HUP). Sharon joined Penn Medicine in August 2008, as a Senior Project Manager for Information Services with duties spread over many areas of expertise including business development, marketing, and contract review. During this time, she led many teams through projects, from RFP creation to impact analysis on new technologies. She later became an Associate PMO Director before becoming the HUP EIO.

Sharon has over thirty years of healthcare experience in a variety of areas including Radiology and Hospital Management. Prior to joining Penn Medicine, she held senior-level positions in several healthcare organizations including Independence Blue Cross. Sharon earned her MBA, Healthcare Administration, from St. Joseph’s University.

- Speech Recognition
- Technology and patient safety
- Technology Architecture
- User Management
- Wireless Technologies
- Workflow Re-design

**Professional Memberships**
+ Healthcare Information Management Systems Society (HIMSS)

The 2018 edition of Facts & Figures is now available! This pocket-size brochure contains a wealth of publicly reported data and “fast facts” about our organization – from details on the latest building projects, to data about our economic impact, workforce, and student communities.

Penn Medicine is one of the world’s leading academic medical centers, dedicated to the related missions of medical education, biomedical research, and excellence in patient care. Penn Medicine consists of the Raymond and Ruth Perelman School of Medicine at the University of Pennsylvania (founded in 1765 as the nation’s first medical school) and the University of Pennsylvania Health System, which together form a $7.8 billion enterprise.

The Perelman School of Medicine has been ranked among the top five medical schools in the United States for the past 20 years, according to U.S. News & World Report’s survey of research-oriented medical schools. The School is consistently among the nation’s top recipients of funding from the National Institutes of Health, with $405 million awarded in the 2017 fiscal year.

The University of Pennsylvania Health System’s patient care facilities include: The Hospital of the University of Pennsylvania and Penn Presbyterian Medical Center — which are recognized as one of the nation’s top “Honor Roll” hospitals by U.S. News & World Report — Chester County Hospital; Lancaster General Health; Penn Medicine Princeton Health; Penn Wissahickon Hospice; and Pennsylvania Hospital – the nation’s first hospital, founded in 1751. Additional affiliated inpatient care facilities and services throughout the Philadelphia region include Good Shepherd Penn Partners, a partnership between Good Shepherd Rehabilitation Network and Penn Medicine, and Princeton House Behavioral Health, a leading provider of highly skilled and compassionate behavioral healthcare.

Penn Medicine is committed to improving lives and health through a variety of community-based programs and activities. In fiscal year 2017, Penn Medicine provided $500 million to benefit our community.

2017-2018 State of Penn Medicine Information Services, featuring high profile & high quality projects.
