Our mission is to advance knowledge and improve health through patient care, research, and the education of trainees in an inclusive culture that embraces diversity, fosters innovation, stimulates critical thinking, supports lifelong learning, and sustains our legacy of excellence.
Penn Medicine's physicians, nurses, and staff provide exceptional, personalized care to patients with a wide range of medical conditions. Using state-of-the-art equipment and data science, our doctors and nurses work together to ensure that patients' needs are addressed from multiple perspectives. Pharmacists, social workers, as well as nutrition and rehabilitation professionals are all part of the care team.

Penn Medicine’s researchers take an interdisciplinary approach to better understand the fundamental mechanisms of disease, which leads to more precise and personalized treatments. Faculty from dozens of institutes, centers, and departments work in multidisciplinary teams spanning the 11 other schools at the University of Pennsylvania, including experts in informatics, bioengineering, and health policy.

Supporting the community is a cornerstone of Penn Medicine’s mission. Every day, physicians, nurses, students, and staff volunteer their time and knowledge to serve vulnerable populations. They operate free neighborhood clinics, help low-income residents manage medical appointments and wellness efforts, provide education and mentorship to youth, and conduct other outreach initiatives. Penn Medicine also provides millions of dollars in care for undeserved patients each year.
Penn Medicine includes six acute-care hospitals and hundreds of outpatient locations throughout the region, as well as educational facilities at the Perelman School of Medicine.

**A GROWING FOOTPRINT**

**CLINICAL FACILITIES**

The Hospital of the University of Pennsylvania and Penn Presbyterian Medical Center was named to the prestigious Honor Roll list by *U.S. News & World Report.*

**THE HOSPITAL OF THE UNIVERSITY OF PENNSYLVANIA**

is Penn Medicine’s largest hospital. HUP is a busy inpatient hub for cancer, neurosciences, cardiac care, and many other specialties. It is also the oldest university-owned teaching hospital in the country.

**PENN PRESBYTERIAN MEDICAL CENTER**

is a renowned center for cardiac care and ophthalmology. Its campus includes the Musculoskeletal Center’s outpatient facility at Penn Medicine University City and the Pavilion for Advanced Care, home to Penn Medicine’s Level 1 Regional Resource Trauma Center.

**PENNSYLVANIA HOSPITAL**

is the nation’s first hospital, cofounded by Benjamin Franklin in 1751. Today its outstanding clinical programs include the Spine Center, the Center for Transfusion-Free Medicine, orthopaedics, maternity and newborn services, and behavioral health. The campus includes Penn Medicine Washington Square, the hospital’s outpatient facility.

**CHESTER COUNTY HOSPITAL**

is a hospital campus in West Chester, specializing in heart and vascular care, cancer, and orthopaedics, with satellite locations in Exton, West Goshen, New Garden, Jennersville, Kennett Square, and West Grove.

**LANCASTER GENERAL HEALTH**

includes the Lancaster General Hospital, the Women & Babies Hospital, and a network of more than 60 outpatient facilities and physician practices in Lancaster, Chester, and Lebanon counties.

**PENN MEDICINE PRINCETON HEALTH**

joined Penn Medicine in 2018 and is among the most comprehensive healthcare systems in New Jersey, including facilities offering acute-care hospital services, behavioral healthcare, ambulatory surgery, and wellness services.
CARE CLOSE TO HOME
EASILY ACCESSIBLE, TOP-RATE CARE ACROSS THE REGION

THE PERELMAN CENTER FOR ADVANCED MEDICINE is a state-of-the-art outpatient facility, with diagnostic and treatment facilities for cancer, neurological, and cardiac conditions, among other types of specialty care.

PENN MEDICINE RITTENHOUSE includes a rehabilitation facility, a long-term acute-care specialty hospital, and an inpatient hospice.

MULTISPECIALTY AMBULATORY FACILITIES are located throughout our region, offering convenient access to care across many disciplines, as well as laboratory testing and radiology services. Sites include:

- BUCKS COUNTY
- CHERRY HILL
- RADNOR
- SOUTHERN CHESTER COUNTY
- UNIVERSITY CITY
- VALLEY FORGE
- WASHINGTON SQUARE
- WOODBURY HEIGHTS

GOOD SHEPHERD PENN PARTNERS is the post-acute care provider for Penn Medicine. It provides inpatient and outpatient physical rehabilitation and specialized long-term acute care throughout southeastern Pennsylvania and southern New Jersey.

PRINCETON HOUSE BEHAVIORAL HEALTH and LANCASTER BEHAVIORAL HEALTH HOSPITAL provide a range of inpatient and outpatient services for patients with mental health, substance abuse, or co-occurring disorders.

NEW FACILITIES
BUILDING FOR THE FUTURE

THE PAVILION
The Pavilion will be an innovative hospital facility to support Penn’s world-renowned researchers, clinicians, and faculty.

- Patient rooms are built to flex between standard & ICU set-up, if needed, to meet future care needs
- Hybrid operating rooms for surgeries & interventional procedures
- Telemedicine functionality allows remote monitoring & consultations
- In-room technology strengthens communication between patients, families, & care teams

NEW FACILITIES
PENN MEDICINE RADNOR
Construction for the $200 million advanced outpatient center in Radnor started in October 2018. The state-of-the-art facility will expand options for patients to receive advanced care close to home. The center is set to open in Spring 2020.

EXPANDING ACCESS TO CARE

167 exam rooms
32 procedure rooms
6 operating rooms
4 rain gardens
18 departments
500 private patient rooms
$1.5B facility
2021 opening date
47 operating rooms
PATIENT CARE

NEW FRONTIERS AND ADVANCED OPTIONS

From emergency departments to inpatient units to outpatient clinics across the region, our physicians, nurses, pharmacists, social workers, and other members of the care team put patients first in every setting. We’re leveraging telemedicine, mobile apps, and remote monitoring technologies to provide fresh options that offer patients more convenience and enhance their safety—both when they’re in our facilities and at home.

Penn Medicine’s Abramson Cancer Center, designated as a Comprehensive Cancer Center by the National Cancer Institute since 1973, is a world leader in cancer research, patient care, and education. At the Roberts Proton Therapy Center, the largest integrated radiation oncology center in the world, patients are treated with this highly precise form of radiation, which eradicates tumors while sparing healthy surrounding tissue and eliminating many side effects of conventional radiation treatment. Many of our physicians also care for patients at Children’s Hospital of Philadelphia and the Corporal Michael J. Crescenz VA Medical Center.

BETTER HEALTH, LOWER COSTS

Community health workers (CHWs) in Penn’s IMPaCT program are trained local residents who provide tailored care for high-risk patients

- 8,000+ patients supported in Philadelphia
- 65% reduction in total hospital days
- 1,000+ organizations across the nation accessed the CHW toolkit

HOPE FOR INHERITED CANCERS

WITH THE BASSEY CENTER FOR BRCA

WORLD’S 1ST COMPREHENSIVE CENTER for the research, treatment, and prevention of cancers related to BRCA gene mutations

- 9,000+ visits with genetic counselors
- 30 researchers funded at Penn
- 3,000 BRCA1/2 carriers enrolled in research registry
- 17 institutions funded worldwide

CARE IN THE COMFORT OF HOME

PENN HOME CARE AND HOSPICE provides skilled nursing services, rehabilitation therapies, palliative care, infusion therapy, and more

- 32,700 patient admissions
- 528,000+ visits
- 241,400+ infusions provided
- 960+ patients supported via telehealth

(Data from FY18)
Penn Medicine is an internationally recognized leader for discoveries that advance science and patient care. Seventy-one Penn Medicine researchers are Members of the National Academy of Medicine of the National Academy of Sciences, one of the highest honors in medicine.

The fundamental and discovery science and clinical research from Penn Medicine’s laboratories and hospitals improves care for a wide range of medical conditions and provides the foundation for the next generation of therapies. The culture and campus of the University of Pennsylvania encourages close collaboration between scientists and clinicians, exemplified by its dozens of interdisciplinary clinical and research institutes, centers, and programs.
The Perelman School of Medicine has an international reputation for innovative training programs in areas ranging from leadership to global health. Its groundbreaking curriculum has set a new standard for medical education nationwide and is a model for other academic medical schools. The curriculum integrates basic sciences and clinical experience, fosters interdisciplinary teamwork, and is built on a foundation of evidence-based medicine and patient-centered care.

**PERELMAN SCHOOL OF MEDICINE**

- 766 medical students
- 190 of these are enrolled in MD/PhD programs across Penn

**GRADUATE MEDICAL EDUCATION**

- 972 residents
- 372 fellows
- 82 residency and fellowship programs
- 38 fellowships sponsored by departments

**INCOMING CLASS**

**2018/2019**

- 152 accepted students
- 53% female
- 47% male
- 33% majored in non-science fields
- 28% underrepresented minorities in medicine

**WHAT’S NEXT FOR THE GRADUATING CLASS OF 2018?**

- 159 graduates
- 20 states + DC where graduates will train
- 42 graduates training at Penn, CHOP, or the Scheie Eye Institute
- 58% completed certificates or other advanced degrees

**FORWARD THINKING LEADERSHIP TRAINING**

Penn Medicine and The Wharton School joined forces to launch an executive health care leadership program, offering a more diverse set of skills to lead in a new era of medicine.

**TOP SPECIALTIES**

- Internal Medicine
- General Surgery
- Pediatrics
The Center for Global Health was launched in 2015 to synthesize and expand Penn Medicine’s efforts to improve worldwide health equity. The Center’s vision for the future is to build a healthier world by training tomorrow’s leaders, addressing global health disparities, supporting regional centers of engagement in underserved locations, and uniting the Penn global health community through workshops, pilot projects, and seminars.

Among the many international projects, two stand out as the foundation of Penn’s involvement in global health. For more than 10 years, the Guatemala-Penn Partnership has focused on public health, medical care, as well as projects in local anthropology and archaeology. The 20-year-old Botswana-UPenn Partnership encompasses well-established programs related to HIV/AIDS, heart disease, and the education of local health care professionals.

The Center for Global Health was established to improve health care and create new undergraduate and graduate medical training programs in Vietnam. The alliance is positioned to extend Penn’s global reach through the creation of a new Center of Regional Engagement in Southeast Asia (based in Vietnam).

**Center for Global Health By the Numbers**

- 162 Global Health activities worldwide
- 265 Penn trainees involved in Global Health activities
- 81 international students involved in global health activities
- 65 countries

The new initiative brings Penn’s world-class experts and care to United Kingdom and European Union patients through referrals and telemedicine, as well as opportunities for collaboration with UK medical schools.
Every day, physicians, nurses, medical students, researchers, and staff lend their time, skills, and knowledge to help the communities the health system serves, often as volunteers outside of their work.

Penn Medicine’s CAREs grant program supports faculty, students, and staff who volunteer in community-based programs from metropolitan Philadelphia to rural Lancaster and Chester counties to the suburbs and shore communities of Southern New Jersey. Since CAREs was established in 2011, it has provided grants to over 400 service initiatives throughout the region, including programs in community centers, farmer’s markets, and places of worship.
IN THE NEIGHBORHOOD

IMPROVING THE HEALTH AND WELL-BEING OF OUR COMMUNITIES

Perelman School students and trainees volunteer with the EDUCATIONAL PIPELINE PROGRAM, an initiative supporting high school students from underrepresented backgrounds who aspire to medical careers.

LANCASTER GENERAL HEALTH partners with three local elementary schools to offer free school-based health centers, providing a convenient location for students to access medical care.

Princeton Health’s annual KIDS MARATHON promotes regular physical activity by encouraging young people to cover 26.2 miles over the course of 10 weeks.

THE MOBILE CPR PROJECT, a public health initiative which teaches free hands-only CPR, brings lifesaving training to schools, offices, community centers, and more.

FREE FLU VACCINE CLINICS from Chester County Hospital protect the homeless and people living in poverty from the flu.

AN ENGINE FOR PROGRESS

ECONOMIC DEVELOPMENT

Penn Medicine is the top health care employer in the city of Philadelphia

38,000 jobs in Pennsylvania
3,800 jobs in New Jersey
$50M tax revenue paid in Philadelphia
$3.3B in capital investment since 2008

PENN ASSIST

Penn Medicine is a partner in the training program that helps put Philadelphia high school graduates on the job at some of the region’s most visionary building projects—including the Pavilion. The initiative started last year to teach the skills needed for careers in the building trades, and it’s also making strides to improve workforce diversity.
AWARDS & RECOGNITION

U.S. NEWS & WORLD REPORT

Penn Medicine hospitals ranked among the top hospitals in the nation by U.S. News & World Report, achieving Honor Roll status and top rankings in 12 clinical specialties. All six hospitals netted honors.

HOSPITAL OF THE UNIVERSITY OF PENNSYLVANIA & PENN PRESBYTERIAN MEDICAL CENTER

#1 Hospital in Pennsylvania   #1 Hospital in the Philadelphia region

NATIONAL & REGIONAL RECOGNITION

LANCASTER GENERAL HOSPITAL
honored with the American Hospital Association’s 2019 Foster G. McGaw Prize for Excellence in Community Service

CHESTER COUNTY HOSPITAL
received the American College of Cardiology’s HeartCARE Center National Distinction of Excellence designation

PENNSYLVANIA HOSPITAL
is the only hospital in the region to receive Perinatal Care Certification from The Joint Commission

PRINCETON MEDICAL CENTER
recognized as a Best Regional Hospital in central New Jersey by U.S. News & World Report

A LEADING EMPLOYER

#6 on Forbes magazine’s annual “BEST EMPLOYERS IN AMERICA” list

#1 HEALTH CARE EMPLOYER and top employer in PA for large employers

#2 on Forbes magazine’s first-ever “AMERICA’S BEST EMPLOYERS FOR WOMEN” list

#1 in the region and TOP HEALTH CARE EMPLOYER for women

ADDITIONAL AWARDS & ACCOLADES

478 physicians included in Philadelphia Magazine’s “TOP DOCS” list

MAGNET

All Penn Medicine hospitals have achieved Magnet status from the American Nurses Credentialing Center, recognizing nursing excellence

Penn Medicine was named by the Philadelphia Business Journal as the 2018 HEALTH CARE INNOVATOR

The Perelman School of Medicine has been ranked among the TOP TEN MEDICAL SCHOOLS in the country by U.S. News & World Report, for more than 20 years
Penn Medicine is powered by a talented and dedicated workforce of more than 40,000 people, all committed to our mission of providing the best care for patients across our region—from our urban main campus to hospitals west of Philadelphia, in Chester and Lancaster Counties, east to Princeton, NJ, and in our outpatient facilities offering care at sites in between.

We also have alliances with top community health systems across both Southeastern Pennsylvania and Southern New Jersey, creating more options for patients no matter where they live.
