

DONG WEI

Training Background:

Dong Wei received the B.Eng. degree in electronic science and technology from the Huazhong University of Science and Technology (HUST), Hubei, China in 2007, and the Ph.D. degree in electrical and computer engineering from the National University of Singapore (NUS), Singapore in 2013. He was a postdoc researcher in the University of Michigan from 2014-2015, and a research engineer in the Vision & Machine Learning Laboratory, NUS from 2012-2013. In September 2015, he joined the Computational Breast Imaging Group (CBIG), University of Pennsylvania, as a Postdoctoral Researcher. His research interests include medical image analysis, with a current focus on automated analysis of breast MR images, e.g., whole breast/dense tissue/tumor segmentation and quantification, texture analysis and so on.

Research Projects:

"Imaging Biomarkers for Risk-Reduction Management of BRCA1/2 Carriers"

Selected Publications:

Please see my LinkedIn page [here](#) for a list of publications.

Grants/Other Awards:

MICCAI 2011 Student Travel Award
